

Sizing Guide for KutGlove™ Cut Resistant Gloves

- With fingers together place hand against top left edge of guide.
- Read your size against right side of hand. If between sizes select smaller size.
- Glove should be snug, not tight.
- Fingers should just touch ends or be slightly short.
- Correct fit is important! Reduces risk of injury. Employees are more likely to wear a glove that fits.
- Gloves should be cleaned and sanitized regularly. (See washing instructions.)
