

Flatbed Delivery Cart

Cook's Flatbed Delivery Cart allows you to easily transport stacks of insulated trays or other materials. The cart features a raised lip around the perimeter of the bed to prevent trays or boxes from sliding off in transit. With a reinforced frame, shelf and handle, this cart is engineered to provide years of trouble-free service.

Flatbed Delivery Cart

• Long Lasting

Engineered with reinforced tubular frame, handle and shelf for exceptional durability providing years of service

• Easy Transport of Trays

Raised 1" safety lip around three sides of cart allows for easy transport of trays without the risk of trays sliding off

• Will Not Rust or Corrode

Heavy-duty aluminum is rust and corrosion resistant

• Durable Handle

Permanently mounted handle is additionally reinforced with gussets to ensure handle will not twist or bend even in the most abusive of environments

• Extremely Strong Shelf

Additional tubing reinforces shelf to safely support heavy loads

• Immediate Shipping

In stock with same day shipping

• Extra Protection

Corner bumpers protect cart corners and minimize damage to walls and door frames

• Heavy Duty Casters

8" polyurethane casters
900 lb capacity per caster

• Ultra Durable Caster Mount

Heavy duty caster plates for durable caster mount ensures stability of casters

• Large Load Capacity

2000 lb weight capacity, holds up to 8 stacks of trays at your desired height

• Narrow Width
