PRODUCT SPECIFICATION

RHINO CART
features

The Rhino Cart is a highly durable, one-piece insulated tray delivery cart. Made from high impact polyethylene and fully insulated for strength and temperature retention, the Rhino Cart is as tough as the beast that it's named for. Easy to load, easy to roll, and easy to clean, this insulated cart is your best choice for correctional feeding. Cart body is 100% recyclable.

630—RHINO

EXCEPTIONAL DURABILITY
FDA approved, high impact polyethylene body is fully insulated for strength and rigidity. The reinforced base prevents the cart floor from sagging and makes changing casters easy.

OUTSTANDING TEMPERATURE RETENTION
Superior insulation, lockable maxi latch which prevents the door from opening during transport and a door seal that keeps air from entering the cabinet and promotes exceptional temperature control.

FITS THROUGH 30" DOORS
Narrow 29 ¾" width allows the cart to pass easily through a narrow 30" doorway and rubber bumpers on all four corners protect walls and door jambs.

EASY TO LOAD/UNLOAD
Doors swing 263° allowing full access to interior cavity.

MANEUVERABILITY
Height appropriate, ergonomic push handles are molded into all four sides of the cart so it's easy to maneuver.

EASY TO KEEP CLEAN
Smooth interior is easy to clean and one-piece design means no seams to hold dirt. The interior features coved corners that meets NSF guidelines. Plus, it has two interior floor drains to facilitate easier cleaning.

HOLDS MORE TRAYS
See chart on following page for more detail.

SIX COLOR CHOICES

dark blue

orange

forest green

charcoal grey

dark brown
