

Aluminum Tray Delivery Cart

Aluminum Tray Delivery Cart

Cook's Aluminum Tray Delivery Cart is extremely heavy duty. The 53" cart will hold 120 trays and the 37" cart holds 80 trays. All welded and fully framed, this cart can handle heavy loads and will provide years of service. Vertical corner bumpers protect door frames and walls, and reduce risk of damage to cart.

• Long Lasting

Fully framed, all welded construction is built to provide years of service

• Will Not Rust or Corrode

Heavy-duty aluminum is rust and corrosion resistant

• Extremely Strong Shelves

Both top and bottom shelves are fully framed with square tube increasing shelf capacity

• Quieter Usage

Sound deadening materials placed between the shelf supports and the shelf reduce the noise associated with loading the cart

• Enhanced Sanitation

Fully hemmed construction provides fewer gaps and crevices to attract food product and is easier to clean

• Durable Handle

1" stainless steel handle is welded to frame and doesn't protrude making the cart easy to maneuver and reduces potential damage to walls

• Significant Load Capacity

2000 lb weight capacity

• Large Tray Capacity

80 trays on 37"L cart/ TDC29AL
120 trays on 53"L cart/ TDC51AL

• Heavy Duty Casters

6" polyurethane casters
(2) rigid, (2) swivel
700 lb capacity per caster

• Narrow Width

30" width designed to fit through most doorways

• Immediate Shipping

In stock with same day shipping

• Warranty

90 day "No Questions Asked" / 1 year against manufacturing defects

• Model #'s
