

Sentry Series Spork

Improve your food service security in even the toughest, most abusive environments with the Sentry Series line of trays, tumblers, mugs and spork. This innovative meal servingware is made of FDA approved pliable material that bends so it's not a worthwhile material for inmates to make into a weapon. The line is highly durable and long lasting, and the innovative material Poly-TPE-29 provides safety benefits that aren't available from Co-polymer or Polycarbonate serving ware.

Sentry Series Spork

• Innovative Design

New FDA approved Poly-TPE-29 pliable plastic bends rather than breaks and won't shatter or crack

• Enhanced Security

Poly-TPE-29 bends so it is useless to inmates in fabricating weapons

• Exceptional Value

Enhance your security efforts with a minimal increase in investment over Co-polymer or Polycarbonate sporks

• Easy-to-clean

Poly-TPE-29 pliable material is naturally stain resistant and will not retain odors or flavors from food

• Warewasher Safe

Withstands harsh chemicals and high temperatures making it safe for warewashing and the pliable material does not become brittle over time

• Microwave Safe

Sentry series spork can be placed in a microwave and will not melt or lose shape, and will stay cool to the touch

• Withstands Extreme Temperatures

Temperature rating of -40°F to 248°F

• Immediate Shipping

In stock with same day shipping

• Color Choices

Orange, Tan and Brown

• Package

100 pcs/pack, 400 pcs/case
