

Sentry Series Mug

Improve your food service security in even the toughest, most abusive environments with the Sentry Series line of trays, tumblers, mugs and spork. This innovative meal servingware is made of FDA approved pliable material that bends so it's not a worthwhile material for inmates to make into a weapon. The line is highly durable long lasting, and the innovative material Poly-TPE-29 provides safety benefits that aren't available from Co-polymer or polycarbonate servingware

Sentry Series Mug

- **Innovative Material**

New FDA approved Poly-TPE-29 pliable plastic bends rather than breaks and won't shatter or crack

- **Enhanced Security**

Poly-TPE-29 bends so it is useless to inmates in fabricating weapons

- **Exceptional Value**

Enhance your food service security efforts with a minimal increase in investment over Co-polymer or Polycarbonate mugs

- **Easy-to-Clean**

Poly-TPE-29 pliable material is naturally stain resistant and will not retain odors or flavors from food

- **Warewasher Safe**

Withstands harsh chemicals and high temperatures making it safe for warewashing and the pliable material does not become brittle over time

- **Microwave Safe**

The Sentry series mug can be placed in a microwave and will not melt or lose shape, and will stay cool to the touch

- **Withstands Extreme Temperatures**

Temperature rating of -40°F to 248°F
