## Model USTC-48-HR Correctional Meal Delivery Cart Heated & Refrigerated

USTC-48-HR

### USTC-48-HR Correctional Meal Delivery Carts

These state of the art, dual tray heated and refrigerated carts are the staple of the industry when it comes to ease of operation in correctional facilities.

Built to last for years of service. They are fully insulated and as heavy duty as they come!

These carts are not just some restaurant style cart with security features attached. Our carts are manufactured from the ground up specifically for the correctional field.

Our reinforced fully welded base and integral Dual layer fully welded corner post design insures the elimination of any cabinet torque during transport.

Our rear mounted forced air heating and cooling system is designed for superior heat and cooling temping times as well as fantastic hot and cold retention. Our "no hassle" controls make using this cart as easy as a push of a button
