KITCHENAID® FOOD GRINDER ATTACHMENT EXPANDS CULINARY OPTIONS

FOOD GRINDER ATTACHMENT — FGA

Two stainless steel grinding plates, fine and coarse, are included with the Food Grinder Attachment. Grind raw or cooked meat and dried bread using the fine plate. The coarse plate is used to grind firm vegetables, dried fruits, cheese and raw or cooked meat. In addition to the grinder body and plates, the attachment comes with a combination food pusher/wrench to help safely push foods into the grinder as well as to help loosen the ring from the grinder body. Instruction guide includes tips and recipes.

EASY TO USE

The Food Grinder is easy to assemble. The KitchenAid® Stand Mixer powers the Food Grinder Attachment, leaving both hands free to work with the food.

EASY TO CLEAN

The Food Grinder's knife and grinding plates should be washed in warm, sudsy water and dried thoroughly. All other parts of the Food Grinder are dishwasher safe.

VERSATILE

KitchenAid® Stand Mixer Attachments are designed to work with all models of KitchenAid® Household Stand Mixers.
