

## OPEN WIRE PACKING STATION

LIWPS 58½"W x 30"D x 72½"H Wt. 125 lbs.

- Galvanized work surface combines with open wire shelves to give you an extremely strong and durable packing bench.
- Main work surface is 32½" from the floor, measures 58½"W x 30"D and is strong enough to support 500 lbs.
- Tough powdercoat finish wire shelves will not trap dirt and provide good air circulation and ventilation to supplies.
- Lower shelf holds up to 650 lbs. - ideal for storing heavy cartons or supplies.
- Two upper 58½"W x 14"D adjustable shelves are included and support up to 150 lbs. each.
- Top shelf includes six 12 ½" adjustable dividers, middle shelf has a backstop to keep items secure.
- Assembly required.

### Optional Accessories:

- LIWBR Bin rail
- LIWUB Utility basket
- LIWRE Reel holder
- LIWCD carton divider
- LIWSS Scale stand
- LIWRO Roll holder

**Additional Combination Available Upon Request - Please Visit [www.luxorfurn.com](http://www.luxorfurn.com) For More Information**

- Polyethylene scuff resistant tub 2 ¾"D shelves.
- Push handle in top shelf.
- Four 4" casters, two with locking brake
- Trays available in Double: 6 ¼" or Quad: 11 ¾" depths - will hold legal size envelopes and packages.
- Solid color trays are manufactured from High Impact Polystyrene 'HIPS', and the Clear colored trays are manufactured from Acrylonitrile/Butadiene/Styrene 'ABS'.
- 'HIPS' and 'ABS' are tough grades of plastic giving excellent strength. Under impact resistance test conditions, 'HIPS' trays are proven 8 TIMES STRONGER than the competition.
