

A commercial vacuum designed for all-around use. The ergonomic design offering the technical edge in cleaning.

- Lightweight only 10-12 lbs! More freedom of movement means an increase in productivity and reduced labor cost.
- Perfect for foodservice facilities, casinos, hotels, motels, hospitals, offices, airports and anywhere that calls for multi-use cleaning task.
- Shoulder strap support plus the added stability of an ergonomic waist belt that helps balance the unit on operator's hips.
- Long 50 ft. cord gives you more mobility over large areas.
- Static dissipating stretch molded vacuum hose.
- Lightweight aluminum wand connected to the backpack by a flexible hose makes it easily maneuverable around furniture and other obstacles.
- 4-level filtration system reduces the dust and dirt from being exhausted back into the room. Microlined Paper filter last longer and stay stronger under heavy use.
- 1 Year Express Warranty Program guarantees working tools. Replacement equipment will be delivered within 72 hours if equipment problems cannot be diagnosed and corrected over the phone.

1 Year

Our lightweight aluminum wand makes overhead cleaning an ease. Vents, ceiling fans and other difficult places are no match for the versatile XL PRO™ Backpack Vacuum.

Weights only 10 – 12 lbs. Lightweight and ergonomic support enables the operator greater mobility leading to increased production and reduced labor cost.
