

The Matchbox® 360 Oven

Cooks a full & varied menu better, faster, easier.

Matchbox Features No Other Oven Can Match

No Extraction Required

- Ovention's family of precision impingement technology delivers enhanced performance without the need of ventilation
- The cooking cavity is open only when food is entering or exiting the oven

Ultimate Temperature Control

- With FlexTemp, increase or decrease temperature by 25°F degrees from one item to the next

Intuitive One-Touch Display

- 2 cooking surfaces that automatically load at the tap of a touchpad
- Auto unload to prevent overcooking
- USB menu upload capability

Superior Cooking Control

- Revolutionary Precision Impingement® that allows you to control time, temperature and independent blower speeds for every item
- Up to 600 pre-programmed cook settings
- No microwaves
- Stage the cooking process for superior quality

Drastically Reduced Energy Costs

- Unique rotating cook cavity system minimizes hot air escape
- Reduced oven energy consumption
- Reduced air extraction / HVAC costs

Smaller Kitchen Footprint

- One oven bakes, broils, cooks, grills, roasts
