

## Pan Racks

### RACK' EM WITH DOUGHPRO'S PAN RACKS!

**A better way to hold and organize your pans  
- with or without pizza crusts in them.**

Beautifully crafted of welded, chrome plated steel, these quality racks solve the messy problem of wet pans sticking together. In addition, the pan drying process takes far less time when air is allowed to circulate around the pan.

The racks can be used in either the vertical or horizontal position.
