

TM Model No.

TORTILLAPRO

RELEZE BY DOUGHPRO

RELEZE is the perfect product for your non-Teflon plates. This product will provide a non stick surface and make cleaning your plates much easier.

RELEZE is to be used in conjunction with the following models:

- DP2000BP
- TW1520
- TW2025
- TW2540
- SL1577
- CS1500
- CS157

Although Teflon is great when pressing at lower temperatures, higher temperatures will create a carbon build up due to the high heat and oil. RELEZE virtually eliminates that problem. We urge you to try this product and you will see the benefits. To place your order please call our office and ask for RELEZE!!

When you purchase a new DOUGHPRO unit that does not have Teflon, a sample bottle is included at no charge so you can see the amazing benefits this product has to offer. RELEZE is offered in a 24oz spray bottle and can ship via UPS.

Packaged: (1) 24 oz. bottle.

Apply a liberal amount to non-teflon coated platens.

Spread RELEZE evenly over all non-teflon coated platens

Specifications, Details and Prices are subject to change without prior notice. Please call for current pricing.
