CUSTOMER'S CHOICE FOR A HOT LOCATION
Tested & Certified to Ambient Class of 100°F

3 Year Parts/Labor Warranty Additional 2 Year Compressor Warranty

MARKETMAX DUAL TEMPERATURE GLASS DOOR MERCHANDISER

Double section, DUAL TEMPERATURE glass door merchandiser with lighted sign panel used for merchandising and storage of product.

CABINET CONSTRUCTION

Heavy duty construction includes white coated steel interior walls. White or black exterior finishes are heavy-duty steel with a baked on durable coating. Stainless steel interior option available, which makes unit certified for open food products.

Foamed-in-place CFC and HCFC-free polyurethane insulation.
Modern, one-piece grille is easily removed for cleaning and servicing.

Freezer section has heated triple pane glass. Inside and outside panes are tempered for added safety. Anti-microbial door handles are standard. Doors provide automatic hold-open feature.

Lighted sign panel standard.

SHELVING

Five (5) heavy duty epoxy coated wire shelves per section standard.
Four (4) shelf clips included per shelf (field installed).
Shelves are adjustable in ½" increments.

ELECTRONIC CONTROL

Electronic thermostat with manual defrost (*freezer*) button provides a digital display of cabinet temperatures, which includes status indicators and key pad for any necessary temperature adjustments.

REFRIGERATION

Self-contained bottom mount refrigeration system. Expansion valve refrigerant control on freezer section provides quick temperature pull down and reduces compressor run time—meaning reduced energy consumption. Includes automatic condensate disposal. Refrigerators utilize ozone friendly R134a refrigerant. Freezer section utilizes ozone friendly R404A refrigerant and its defrost system is fully automatic, time-initiated and temperature terminated operation.

Freezer section product temperatures from -10°F to -15°F.
Refrigerator section product temperatures from 36°F to 38°F.

ELECTRICAL

Interior fluorescent lighting enhances product illumination.
Optional LED lighting provides hidden light source for increased product visibility. LED bulbs last up to 10 times longer compared to fluorescent bulbs and renders additional energy savings due to reduced wattage load on compressor.

Refrigerator section wired at factory and ready for connection to a 115/60/1 phase, 15 amp dedicated outlet. Freezer section wired at factory and ready for connection to a 115/60/1 phase, 20 amp dedicated outlet. 8' long cord and plug set included.
